**Subject: Pending Industry BIS Application Cases**

Respected Sir,

***Greetings from MAIT!***

We would like to take this opportunity to thank BIS for smooth processing of industry applications for product certification. However, recently the industry has brought to our notice that there is delay from last three weeks in the processing of applications for new license, renewal of license, and inclusion of new varieties in the existing license. Since the release of these products into the Indian market is subject to approval from BIS, we would like to bring this to your urgent notice, with a request to please look into the matter. **We would also like to request for a meeting for industry deliberations at your earliest convenience.**

Since this is an urgent matter, we look forward to your earliest and positive consideration towards this request.

With regards,
